

# RENT OR OWN?

## How to Decide if it is Best to Rent or Purchase an RV

### Investment

#### Rent

#### Purchase

1. Have never been RV Camping
2. Have very specific needs in an RV
3. Made travel plans but don't like the cost or feel of a hotel rental
4. Will only be RV Camping a few weekends out of the year
5. Are considering an RV purchase but are not sure which type of RV you should purchase

1. Have been RV Camping and enjoyed it
2. Already have rented a few different RV's and know what your specific needs are and that they can be met in an RV
3. Don't want to pay rental fees that can add up and would prefer to own an RV
4. Have plans to use it at least most of the spring, summer, and fall months
5. Already have an idea of what type of RV you want and are ready to narrow it down to a specific brand/model

### STABILITY

### FREEDOM
